

PRODUCT DATA SHEET

Sika® Thinner E+B

SOLVENT BASED THINNER AND CLEANER

DESCRIPTION

Sika® Thinner E+B is a solvent based thinner and cleaner for use with specific components of Sika®Unitherm® fire protection systems.

USES

- Sika® Thinner E+B is a thinner to modify the viscosity of Sika® Permacor®-2706 EG to aid application.
- Sika® Thinner E+B is also suitable for the clean up of uncured Sika® Unitherm® Platinum and Sika®Unitherm® Platinum-120 from application equipment.

Note! Not to be used to dilute/thin Sika® Unitherm®Platinum or Sika® Unitherm® Platinum-120.

CHARACTERISTICS / ADVANTAGES

- Sika® Thinner E+B is ideal for adjusting the consistency of Sika® Permacor®, depending on different application methods which may require an adjustment of viscosity such as brush or roller application, high pressure spraying or airless spraying, etc.
- Allows thorough and easy clean up of uncured Sika®Unitherm® product from equipment and tools.

PRODUCT INFORMATION

Chemical Base	Solvent based liquid
Packaging	5 liters
Shelf Life	12 months
Storage Conditions	Always store Sika® Thinner E+B in closed containers in cool, ventilated and dry locations, away from heat and oxidizing agents. Do not store in direct sunlight or in temperatures below +5°C or above +35°C.
Density	~0.86 g/cm ³ at 20°C
Viscosity	(Kinematic): < 7 mm ² /s at 40°C
Flash Point	~22°C

BASIS OF PRODUCT DATA

All technical data stated in this Product Data Sheet are based on laboratory tests. Actual measured data may vary due to circumstances beyond our control.

ECOLOGY, HEALTH AND SAFETY

For information and advice on the safe handling, storage and disposal of chemical products, users shall refer to the most recent Safety Data Sheet (SDS) containing physical, ecological, toxicological and other safety-related data.

LOCAL RESTRICTIONS

Please note that as a result of specific local regulations the performance of this product may vary from country to country. Please consult the local Product Data Sheet for the exact description of the application fields.

LEGAL NOTES

The information, and, in particular, the recommendations relating to the application and end-use of Sika products, are given in good faith based on Sika's current knowledge and experience of the products when properly stored, handled and applied under normal conditions in accordance with Sika's recommendations. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The user of the product must test the product's suitability for the intended application and purpose. Sika reserves the right to change the properties of its products. The proprietary rights of third parties must be observed. All orders are accepted subject to our current terms of sale and delivery. Users must always refer to the most recent issue of the local Product Data Sheet for the product concerned, copies of which will be supplied on request.
