## SikaRoof® VersiDrain® 60

Water Retaining Planting Tray Modules For Extensive Green Roofs

**BUILDING TRUST**

# SikaRoof® VersiDrain® 60

## GENERAL SYSTEM INFORMATION / OVERVIEW

SikaRoof® VersiDrain® 60 is a lightweight interlocking modular green roof tray designed for versatility. It allows the addition of optional Wall Extenders to increase the planting depth up to 100 mm and for off-site planting to achieve instant greening of rooftops.

SikaRoof® VersiDrain® 60 comprises a network of reservoirs that stores 18 litres per square metre of rainwater for irrigating the plants, thus reducing watering requirements and costs and promoting plant growth in a sustainable manner. The Wall Extenders between trays can be easily removed where desired to form a monolithic planting surface.

SikaRoof® VersiDrain® 60 has a smooth and flat base which allows it to be placed directly over the roof waterproofing membrane. Rodent barriers integrated into the tray corners prevent rodents infesting the space between trays.

SikaRoof® VersiDrain® 60 is manufactured from UV-stabilised recycled polypropylene and supports all international green building certifications. It helps mitigate the impact of urban stormwater runoff by reducing the discharge to storm drains during periods of heavy downpour.

SikaRoof® VersiDrain® 60 + Wall Extenders + Joiners  
(Optional) (Optional)

### APPLICABLE AREAS

- Extensive green roofs
- Planter boxes

### ADVANTAGES

- Provides efficient drainage
- Reduces irrigation requirement
- Protects waterproofing membrane
- Enable on-site rainwater retention
- Lightweight and durable
- Recyclable
- Suitable for retrofitting and/or new projects
- Mitigate urban runoff
- High water storage capacity

## BASIC DESIGN SPECIFICATION / TYPICAL DETAIL

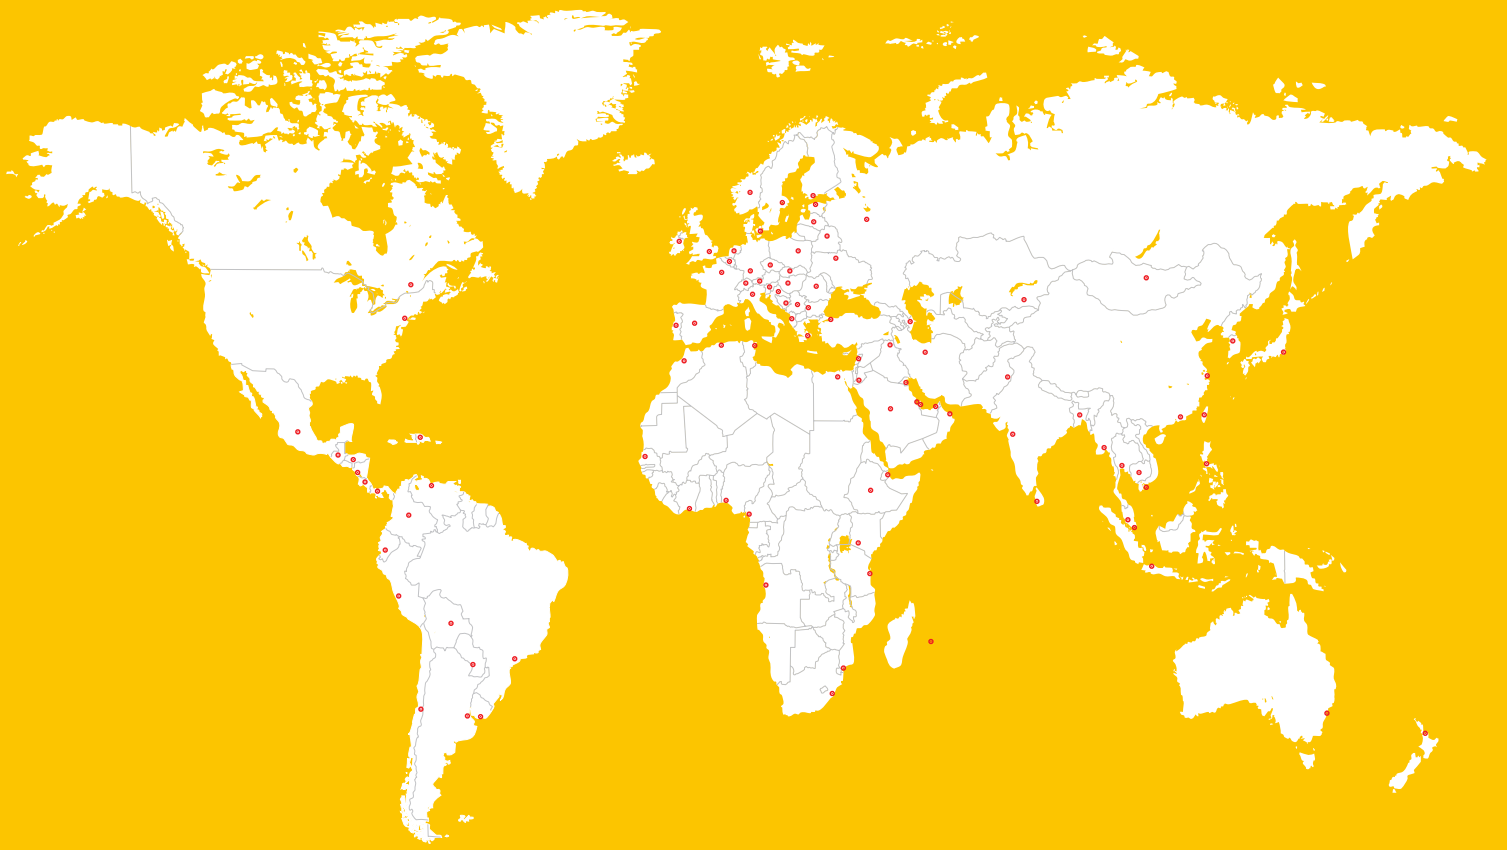

Technical Specifications	Data
Material	PP
Size	500 x 500 mm
Height (overall)	60 mm 130 mm (with Wall Extenders)
Soil Depth	*variable 100 mm (with Wall Extenders)
Reservoir Capacity	18 L/m <sup>2</sup>

\*according to design preference and parameters

### TYPICAL DETAIL

# GLOBAL BUT LOCAL PARTNERSHIP

## FOR MORE PRODUCT INFORMATION:

### WE ARE SIKA

Sika is a specialty chemicals company with a globally leading position in the development and production of systems and products for bonding, sealing, damping, reinforcing, and protection in the building sector and industrial manufacturing. Sika has subsidiaries in 103 countries around the world and, in over 400 factories, produces innovative technologies for customers worldwide. In doing so, it plays a crucial role in enabling the transformation of the construction and transportation sector toward greater environmental compatibility. With more than 33,000 employees, the company generated sales of CHF 11.20 billion in 2025.

Our most current General Sales Conditions shall apply.
