

PRODUCT DATA SHEET

SikaRoof® TreeGrip Cell

INVISIBLE TREE ROOT ANCHOR FOR LANDSCAPE FEATURES

DESCRIPTION

SikaRoof® TreeGrip Cell is an invisible tree anchor designed to anchor trees in challenging urban environments and roof gardens. The anchor is manufactured from recycle polypropylene (PP) and stainless steel wires, and is used when planting pits or planters are too shallow to provide sufficient anchoring efficacy or have services buried underneath which hinder tree anchoring.

SikaRoof® TreeGrip Cell anchors a tree root ball down by utilising the weight of the surrounding planting media over trays that are secured to the tree root ball, creating weight that adds to the effective overall weight of the tree.

USES

Invisible tree anchoring for landscape features.

CHARACTERISTICS / ADVANTAGES

- Invisible tree root anchor
- Resistant to biological attack by moulds and algae
- Chemically resistant to acids, alkalis, oils and soil chemicals
- Operates within a wide service temperature range

PRODUCT INFORMATION

Packaging	<ul style="list-style-type: none"> ▪ SikaRoof® TreeGrip Cell D-MAN 4.5 ▪ SikaRoof® TreeGrip Cell D-MAN 7.5 Refer to pricelist						
Appearance / Colour	Set of cup trays and steel wires						
Shelf Life	No expiration date if the product is stored in accordance to the storage conditions as stated in this Product Data Sheet.

BASIS OF PRODUCT DATA

All technical data stated in this Product Data Sheet are based on laboratory tests. Actual measured data may vary due to circumstances beyond our control.

IMPORTANT CONSIDERATIONS

For more information, please contact Sika Sales Personnel.

ECOLOGY, HEALTH AND SAFETY

This product is an article as defined in article 3 of regulation (EC) No 1907/2006 (REACH). It contains no substances which are intended to be released from the article under normal or reasonably foreseeable conditions of use. A safety data sheet following article 31 of the same regulation is not needed to bring the product to the market, to transport or to use it. For safe use follow the instructions given in this product data sheet. Based on our current knowledge, this product does not contain SVHC (substances of very high concern) as listed in Annex XIV of the REACH regulation or on the candidate list published by the European Chemicals Agency in concentrations above 0.1 % (w/w)

LEGAL NOTES

The information, and, in particular, the recommendations relating to the application and end-use of Sika products, are given in good faith based on Sika's current knowledge and experience of the products when properly stored, handled and applied under normal conditions in accordance with Sika's recommendations. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The user of the product must test the product's suitability for the intended application and purpose. Sika reserves the right to change the properties of its products. The proprietary rights of third parties must be observed. All orders are accepted subject to our current terms of sale and delivery. Users must always refer to the most recent issue of the local Product Data Sheet for the product concerned, copies of which will be supplied on request.
